

Addition Strategies

Name: _____

Use addition strategies with place value to solve.

Ex) $153 + 120 = \underline{273}$

$3 + 0 = 3$

$50 + 20 = 70$

$100 + 100 = 200$

273

1) $589 + 404 = \underline{\hspace{2cm}}$

2) $850 - 652 = \underline{\hspace{2cm}}$

3) $326 + 388 = \underline{\hspace{2cm}}$

4) $440 + 399 = \underline{\hspace{2cm}}$

5) $352 + 146 = \underline{\hspace{2cm}}$

6) $602 + 233 = \underline{\hspace{2cm}}$

7) $529 - 322 = \underline{\hspace{2cm}}$

8) $532 + 170 = \underline{\hspace{2cm}}$

9) $615 - 511 = \underline{\hspace{2cm}}$

10) $721 + 191 = \underline{\hspace{2cm}}$

11) $377 + 604 = \underline{\hspace{2cm}}$

AnswersEx. 273

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

11. _____

Addition Strategies

Name: **Answer Key**

Use addition strategies with place value to solve.

Ex) $153 + 120 = \underline{273}$
 $3 + 0 = 3$
 $50 + 20 = 70$
 $100 + 100 = \underline{200}$
 $\quad\quad\quad 273$

1) $589 + 404 = \underline{993}$
 $9 + 4 = 13$
 $80 + 0 = 80$
 $500 + 400 = \underline{900}$
 $\quad\quad\quad 993$

2) $850 - 652 = \underline{198}$
 $0 - 2 = -2$
 $50 - 50 = 0$
 $800 - 600 = \underline{200}$
 $\quad\quad\quad 198$

3) $326 + 388 = \underline{714}$
 $6 + 8 = 14$
 $20 + 80 = 100$
 $300 + 300 = \underline{600}$
 $\quad\quad\quad 714$

4) $440 + 399 = \underline{839}$
 $0 + 9 = 9$
 $40 + 90 = 130$
 $400 + 300 = \underline{700}$
 $\quad\quad\quad 839$

5) $352 + 146 = \underline{498}$
 $2 + 6 = 8$
 $50 + 40 = 90$
 $300 + 100 = \underline{400}$
 $\quad\quad\quad 498$

6) $602 + 233 = \underline{835}$
 $2 + 3 = 5$
 $0 + 30 = 30$
 $600 + 200 = \underline{800}$
 $\quad\quad\quad 835$

7) $529 - 322 = \underline{207}$
 $9 - 2 = 7$
 $20 - 20 = 0$
 $500 - 300 = \underline{200}$
 $\quad\quad\quad 207$

8) $532 + 170 = \underline{702}$
 $2 + 0 = 2$
 $30 + 70 = 100$
 $500 + 100 = \underline{600}$
 $\quad\quad\quad 702$

9) $615 - 511 = \underline{104}$
 $5 - 1 = 4$
 $10 - 10 = 0$
 $600 - 500 = \underline{100}$
 $\quad\quad\quad 104$

10) $721 + 191 = \underline{912}$
 $1 + 1 = 2$
 $20 + 90 = 110$
 $700 + 100 = \underline{800}$
 $\quad\quad\quad 912$

11) $377 + 604 = \underline{981}$
 $7 + 4 = 11$
 $70 + 0 = 70$
 $300 + 600 = \underline{900}$
 $\quad\quad\quad 981$

AnswersEx. **273**1. **993**2. **198**3. **714**4. **839**5. **498**6. **835**7. **207**8. **702**9. **104**10. **912**11. **981**
