

The bar graph below shows the number of ads played on different radio stations in a day. Use the graph to answer the questions.

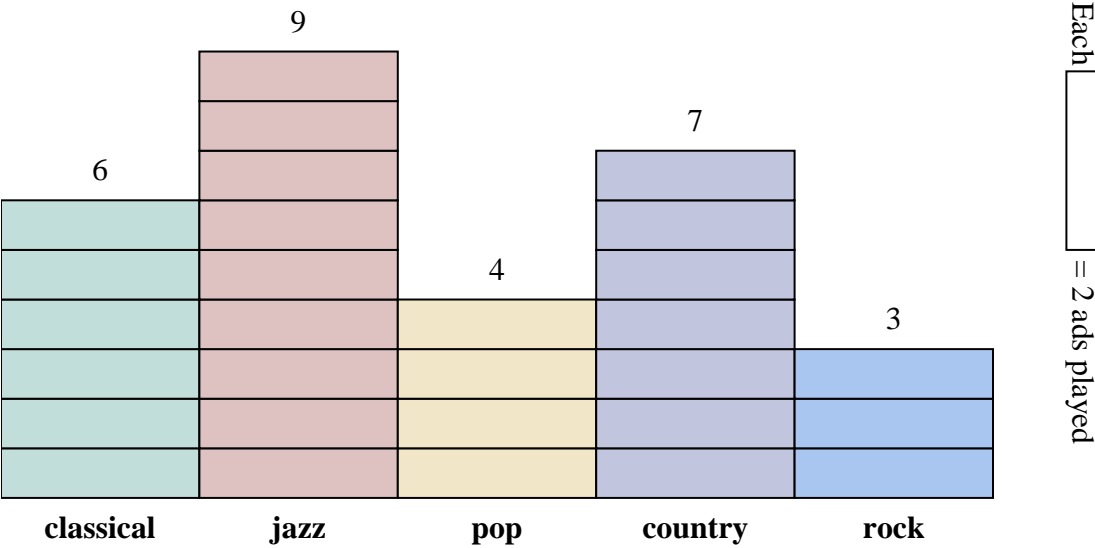

- 1) How many more ads did the jazz station have than the country station?
- 2) Which station had the most ads?
- 3) Which station had the fewest ads?
- 4) What is the total number of ads on all the stations?
- 5) Were there fewer ads on the jazz station or the rock station?
- 6) Were there more ads on the classical station or the jazz station?
- 7) Which station had exactly 14 ads?
- 8) How many ads were on the rock station?
- 9) What is the combined number of ads played on the pop station and the classical station?
- 10) What is the difference in the number of ads played on the country station and the number played on the classical station?
