## Use the shapes provided to answer the questions.

Answers

Ex) How many groups of 6 can you make with the 18 shapes below?

2) How many groups of 8 can you make with the 40 shapes below?
4) How many groups of 6 can you make with the 36 shapes below?

$$
\begin{aligned}
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond
\end{aligned}
$$

6) How many groups of 4 can you make with the 24 shapes below?

7) How many groups of 3 can you make with the 12 shapes below?

$$
\begin{aligned}
& \bullet \square \square \square \square \square \square \square \square \square \\
& \square \square
\end{aligned}
$$

10) How many groups of 8 can you make with the 40 shapes below?

11) How many groups of 9 can you make with the 36 shapes below?

12) How many groups of 2 can you make with the 14 shapes below?

$$
\begin{aligned}
& \triangle \triangle \triangle \triangle \Delta \triangle \Delta \Delta \Delta \Delta \\
& \triangle \triangle \Delta \\
& \triangle
\end{aligned}
$$

5) How many groups of 3 can you make with the 9 shapes below?

$$
\hat{\omega} \hat{\omega} \hat{\omega} \hat{\omega} \hat{\omega} \hat{\omega}
$$

7) How many groups of 5 can you make with the 40 shapes below?

$$
\begin{array}{llllllllll}
0 & O & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 \\
0 & O & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 \\
0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 \\
0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0 & 0
\end{array}
$$

9) How many groups of 5 can you make with the 20 shapes below?
10) How many groups of 2 can you make with the 16 shapes below?

Ex. $\qquad$

1. $\qquad$
2. $\qquad$
3. $\qquad$
4. $\qquad$
5. $\qquad$
6. $\qquad$
7. $\qquad$
8. $\qquad$
9. $\qquad$
10. $\qquad$
11. $\qquad$

Answers

Ex) How many groups of 6 can you make with the 18 shapes below?

2) How many groups of 8 can you make with the 40 shapes below?
4) How many groups of 6 can you make with the 36 shapes below?

$$
\begin{aligned}
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \diamond \\
& \diamond \diamond \diamond \diamond \diamond \diamond
\end{aligned}
$$

6) How many groups of 4 can you make with the 24 shapes below?

7) How many groups of 3 can you make with the 12 shapes below?

$$
\begin{aligned}
& \square \square \square \square \square \square \square \square \square \square \\
& \square ๑
\end{aligned}
$$

10) How many groups of 8 can you make with the 40 shapes below?

11) How many groups of 9 can you make with the 36 shapes below?

12) How many groups of 2 can you make with the 14 shapes below?
$\triangle \Delta \Delta \Delta \Delta \Delta \Delta \Delta \Delta \Delta$ $\triangle \Delta \Delta \Delta$
13) How many groups of 3 can you make with the 9 shapes below?

$$
\vec{\omega} \boldsymbol{\omega} \boldsymbol{\omega} \boldsymbol{\omega} \boldsymbol{\omega} \boldsymbol{\omega}
$$

7) How many groups of 5 can you make with the 40 shapes below?

8) How many groups of 5 can you make with the 20 shapes below?
9) How many groups of 2 can you make with the 16 shapes below?
11. $\qquad$
Ex. 3
12. 4
13. 5
14. $\quad 7$
15. 6
16. 3
17. 6
18. 8
19. $\quad 4$
