

Solve each problem.

- 1) What is the value of the 8 in the number 238,164?
- 2) What is the value of the 7 in the number 48,762?
- 3) What is the value of the 8 in the number 82?
- 4) What is the value of the 5 in the number 415,627?
- 5) What is the value of the 9 in the number 2,619,834?
- 6) What is the value of the 2 in the number 13,524?
- 7) What is the value of the 9 in the number 368,917?
- 8) What is the value of the 9 in the number 3,925?
- 9) What is the value of the 1 in the number 91,458?
- 10) What is the value of the 5 in the number 59?
- 11) What is the value of the 1 in the number 392,147?
- 12) What is the value of the 5 in the number 4,359?
- 13) What is the value of the 5 in the number 654,971?
- 14) What is the value of the 3 in the number 64,139,258?
- 15) What is the value of the 9 in the number 814,923?
- 16) What is the value of the 2 in the number 26,491?
- 17) What is the value of the 7 in the number 1,972,835?
- 18) What is the value of the 5 in the number 5,792?
- 19) What is the value of the 2 in the number 12,578?
- 20) What is the value of the 6 in the number 79,641?

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____
